Allowable Subject Matter

1. Claims 1-16 are allowed.
2. **The following is an examiner's statement of reasons for allowance:**

Prior art fails to teach an apparatus or a method for detecting a macro virus adapted for use on a digital computer comprising the steps of analyzing the code whether the code contains instructions causing a macro to be moved to a global environment wherein flags the macro if there contains instructions causing the macro to be moved to the global environment and further analyzing for the same macro whether the code contains instructions to cause the flagged macro to be copied to a local document thereby declaring that the flagged macro contains a macro virus if there contains a copy to local document instructions for the flagged macro.

Further, prior art fails to teach declaring there are no macro virus present upon the steps of analyzing the code that does not contain a move to global environment instructions for the macro and a copied to a local document instructions for the macro that was flagged.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
